

3 Most 'Staggering' achievement on tour – Yvonne and Maggie after their gin and cocktail tasting experiences at the hotel on consecutive days.

4 Gymnastic Achievement – Joanna for her upside down aqua aerobics display in the pool. Ken S. appreciated it, tried it but failed

5 Coolest Person award goes to Bebs – you should have seen her on the dance floor during the 'Women in Rock' cabaret night – proving you are never too old to rock!

6 Rifle Shooting Champion – Ken B. (note last years winner Bebs was not allowed to enter to give the men a chance)

7 Most fined person on the tour – shared by Geraldine and Irene (serves them right for their ruthless fining of so many people when acting as fine masters

8 Hero of the tour – Phil our driver; what a star! Manipulating his huge coach down narrow lanes and performing three point turns in almost impossible situations so that we did not have far to walk.

AND the biggest award must go to Sue for organising yet another brilliant tour. We all appreciated the remarkable amount of hard work she put in over a period of several months to ensure all went smoothly. Always cheerful, patient and calm especially when problems arose. Peter summed it all up by quoting Oscar Wilde. 'Women are not meant to be understood, they are meant to be appreciated' Peter then added 'we don't always understand her but boy do we appreciate Sue and everything she does for us'

Well done Sue and Many Thanks
