

Bowling Club

Mens Captains Report

March 2023

It is an honour to be Captain of this wonderful Club for the third time.

The role of Captain has just a few challenges throughout the season but it is a role I really enjoy.

I am delighted that Vic Ellery has come on board as Vice Captain and I know we will work well together.

I am sure I can knock him in to shape for when he takes over as Captain next year (subject of course to him winning the vote against all the other men who will throw their hat in the ring!!)

It is so important for the Club that the Mens and Ladies Captains teams work together and I am delighted that Thelma and Jean have been elected.

We have had a very successful evening meeting to make plans for the year. I was delighted to buy all the drinks for the evening and have made a note to ensure they all repay the compliment.

The secret of a successful Club is to continually bring in new members to keep our numbers up and to bring a smile to our Treasurers face !!

Thank you to all who have offered to help on Try It Day Saturday April 15 10 am.

We have posters around the town and are far more active on Social Media accounts this year.

But the proven way of success is for you all to introduce someone. Please do your best and if you have someone bring them along personally.

There is so much Bowling available again this year whether you are a Social bowler or ultra competitive,

Remember it is our hobby so have a wonderful season and all support each other to make the best of it

Captain Dave
